Battle Day

California State Parks and the San Pasqual Battlefield Volunteer Association proudly present Battle Day. The event focuses on the interpretation and commemoration of the 1846 Battle of Pasqual, the bloodiest battle fought in California during the U.S. - Mexican War. Battle Day is a rare opportunity to witness a battle re-enactment on grounds where the actual battle took place.

Along with two battle re-enactments, other activities include craft demonstrations, period music and dancing, children's activities, and a military encampment.
